Problem statement, objectives, and background theory	Missing	Poor or irrelevant	Basic, with significant aspects missing or irrelevant.	Mostly clear, but with some gaps.	Always clear and relevant, but with minor gaps.	Always clear, detailed and relevant, without gaps.	Outstanding critical, relevant and concise.
Description of technical approach and methodology	Missing	Poor or irrelevant.	Basic, with significant aspects missing or irrelevant.	Mostly clear, but some aspects missing or irrelevant.	Always clear and relevant, but with minor gaps. Some critical evaluation.	Always clear, detailed and relevant, without gaps. Strong critical evaluation.	Outstanding and critical. Significant students contributions.
Analysis and technical discussion of results (critical examination of results)	Missing	Poor or irrelevant. No evidence of students' critical thinking.	Basic, with significant detail or depth missing. Little evidence of students' critical thinking.	Mostly clear and correct, some detail or depth missing. Some evidence of students' critical thinking.	Always clear, correct and detailed, but with minor gaps. Sound evidence of students' critical thinking and signs of further exploration.	Always clear, correct and detailed, without gaps. Strong evidence of students' critical thinking and significant further exploration.	Outstanding, with significant and original student contribution. Possibly at the forefront of knowledge.
Conclusions and future work	Missing	Poor or irrelevant	Basic and rudimentary with significant gaps.	Clear and reasonable, but lacking depth.	Clear and sound, with minor gaps.	Clear and insightful, without gaps. Future work based on project results.	Clear and insightful, with strong suggestions for future research.
Communication							
Visual impact and audience engagement	Very little or no attention given to visual impact and layout.	Poor visual impact, poor organisation of material. Unsuitable layout, graphics or fonts.	Basic visual impact. Passable layout, graphics and fonts, but major improvement needed. Layout or text-figure balance distract from content.	Reasonable visual impact. Fairly tidy layout, graphics and fonts, but some improvements needed. Reasonable balance of text and figures.	Clear visual impact and organisation of material. Tidy layout, graphics and fonts. Correct balance of text and figures.	Very clear visual impact and organisation of material. Excellent layout, graphics and fonts. Possible use of animations.	Outstanding visual impact and organisation of material. Outstanding layout, graphics and fonts. Possible use of animations.
Structure – clarity, story line and key message	No structure perceptible, the presentation is very difficult to follow.	Wrong or unsuitable structure, making the presentation very difficult to follow and understand.	Rudimentary structure, but significant re-working needed. Key message missing.	Reasonable structure, but some re-working needed. Some evidence of a key message.	Clear structure and easy to follow. Key message/result presented. Minor improvements possible.	Very clear structure and easy to follow. Clear key message clearly.	Excellent presentation structure and very clear key message. Creative use of presentation format.
Answers to questions							
Student 1	Unable to answer questions.	Answers inappropriate or irrelevant.	Basic yet mostly correct answers, but lacking significant detail and depth.	Mostly clear and correct answers but lacking some detail.	Clear and correct answers with suitable detail.	Clear, correct and in-depth answers.	Outstanding and in-depth answers.
Student 2	Unable to answer questions.	Answers inappropriate or irrelevant.	Basic yet mostly correct answers, but lacking significant detail and depth.	Mostly clear and correct answers but lacking some detail.	Clear and correct answers with suitable detail.	Clear, correct and in-depth answers.	Outstanding and in-depth answers.
